Clinical instruments

Important information

Please read carefully before using Ziacom® products

General information

This document contains basic information on the use of original Ziacom® dental implant systems, hereafter referred to as "Ziacom® dental implants" or simply "Ziacom® products". This document has been created as a quick guide for clinicians responsible for treatment, hereafter the "user", and therefore, is neither an alternative nor a substitute for specialised training or professional clinical experience.

Ziacom® products must be used according to a suitable treatment plan and in strict compliance with the manufacturer's surgical and prosthetic protocols. Carefully read the product-specific surgical and prosthetic protocols and the instructions for use and maintenance before using any Ziacom® product. You can find this information on our website, www.ziacom.com, or request it from your nearest authorised Ziacom® distributor.

Liability, safety and warranty

The instructions for the use and handling of Ziacom® products are based on internationally published literature, current clinical standards and our clinical experience so they should be understood as general guidance. The handling and use of Ziacom® products is the sole responsibility of the user as it is outside the control of Ziacom Implants SLU. Ziacom Implants SLU, its subsidiaries and/or its authorised distributors disclaim all responsibility, whether explicit or implicit, total or partial, for possible damage or injury caused by poor handling of the product or any other situation not considered in their protocols and manuals for the correct use of their products.

The user must ensure that the Ziacom® product is appropriate for the intended procedure and end purpose. Neither these instructions for use nor the work or handling protocols for the products release the user from this obligation. Ziacom® products must be used, handled and applied by clinicians with the appropriate training and qualifications required according to current legislation in each country.

The total or partial use, handling and/or application of Ziacom® products at any stage of their implementation by personnel who are unqualified or lack the necessary training will automatically void any type of warranty and may cause severe damage to the patient's health.

Ziacom® products are part of their own system, with their own design characteristics and work protocols, including dental implants, abutments or prosthetic components and surgical or prosthetic instruments. The use of Ziacom® products in combination with elements or components from other manufacturers could result in treatment failure, damage to tissues or bone structures, inadequate aesthetic outcomes and severe damage to the patient's health. Therefore, only original Ziacom® products should be used.

The clinician in charge of the treatment is solely responsible for ensuring the use of original Ziacom® products and that they are used according to the corresponding instructions for use and handling protocols throughout the implant procedure. The use of any other non-original Ziacom® components, instruments or products, whether alone or in combination with any original Ziacom® products, will immediately void the warranty of the original Ziacom® products.

See the Ziacom Implants SLU Warranty Programme (available on the website or by contacting Ziacom Implants SLU, its subsidiaries or authorised distributors).

Warning. Not all Ziacom® products are available in all counties. Check availability in your country.

Universal Tip Kit

- Can be used with a contra-angle handpiece or manually with an adapter handle.
- Compatible with most implant systems.
- Stainless steel tips.
 - » Screwdriver handle. Contra-angle (CA). Manual. Stainless steel. Hex. Ref. **MADW1**
 - » Screwdriver tip. Ø1.20 mm. Contra-angle (CA). Stainless steel. Hex. Ref. **MESD1**
 - » Screwdriver tip. Ø1.25 mm. Contra-angle (CA). Stainless steel. Hex. Ref. **MESD**
 - » Screwdriver tip. Ø1.27 mm. Contra-angle (CA). Stainless steel. Hex. Ref. **MESD2**
 - » Screwdriver tip. Ø1.70 mm. Contra-angle (CA). Stainless steel. Hex. Ref. **MESD3**
 - » Screwdriver tip. 2.25/0.5 mm. Contra-angle (CA). Stainless steel. Cross-head. Ref. **MESD4**
 - » Screwdriver tip. 1.6 mm. Contra-angle (CA). Stainless steel. Flat. Ref. **MESD5**
 - » Screwdriver tip. Contra-angle (CA). Stainless steel. Unigrip. Ref. **MESD6**
 - » Screwdriver tip. Contra-angle (CA). Stainless steel. Torx. Ref. **MESD7**

8-tip kit with handle

Ratchet tips

- Can be used with a ratchet or manually with an adapter handle.
- Compatible with most implant systems.
- Stainless steel tips.
 - » 4×4 mm screwdriver handle. Manual. Stainless steel. Ref. **MADW10**
 - » Screwdriver tip. Ø1.20 mm. Short. Ratchet/Manual. Stainless steel. Ref. **SMSD20Z**
 - » Screwdriver tip. Ø1.20 mm. Long. Ratchet/Manual. Stainless steel. Ref. **LMSD20Z**
 - » Screwdriver tip. Ø1.25 mm. Short. Ratchet/Manual. Stainless steel. Ref. **SMSD1**
 - » Screwdriver tip. Ø1.25 mm. Long. Ratchet/Manual. Stainless steel. Ref. **LMSD1**
 - » Screwdriver tip. Ø1.25 mm. Extra-Long. Ratchet/Manual. Stainless steel. Ref. **XLMSD1**
 - » Screwdriver tip. Ø1.27 mm. Short. Ratchet/Manual. Stainless steel. Ref. **SMSD27Z**
 - » Screwdriver tip. Ø1.27 mm. Long. Ratchet/Manual. Stainless steel. Ref. **LMSD27Z**
 - » Screwdriver tip. Ø1.70 mm. Short. Ratchet/Manual. Stainless steel. Ref. **SMSD70Z**
 - » Screwdriver tip. Ø1.70 mm. Long. Ratchet/Manual. Stainless steel. Ref. **LMSD70Z**
 - » Screwdriver tip. Unigrip. Short. Ratchet/Manual. Stainless steel. Ref. **SMSDT1Z**
 - » Screwdriver tip. Unigrip. Long. Ratchet/Manual. Stainless steel. Ref. **LMSDT1Z**
 - » Screwdriver tip. Torx 6. Short. Ratchet/Manual. Stainless steel. Ref. **SMSDK6Z**
 - » Screwdriver tip. Torx 6. Long. Ratchet/Manual. Stainless steel. Ref. **LMSDK6Z**
 - » Screwdriver tip. Tx30. Short. Ratchet/Manual. Stainless steel. Ref. **SMSDT1TX**
 - » Screwdriver tip. Tx30. Long. Ratchet/Manual. Stainless steel. Ref. **LMSDT1TX**

Circular tissue punches (internal, external, conical and onepiece)

Circular tissue punches

Platf.	Diameter (Ø)	Reference
 	3.50 mm/4.00 mm	MPU20
 	4.50 mm/4.95 mm	MPU34
 	5.25 mm/5.75 mm	MPU50

Instrument with DLC surface treatment.

Circular tissue punches

Platf.	Diameter (Ø)	Reference
	2.80 mm/3.30 mm	MPU10

Instrument with DLC surface treatment.
